DIRECTOR: WHITE HOUSE SITUATION ROOM

SUBJECT: THE MILITARY SITUATION IN SOUTH VIETNAM

25X1

Sharp fighting continues in the southern half of the country, especially in the northern delta and in the provinces north of Saigon. Communist military action in northern MR-3 is expected to continue to force government forces to withdraw from isolated and understrength enclaves, and to gain easy psychological victories in the early days of their dry season offensive. In the delta, government regulars are moving to prevent further infiltration of the Communist 5th Division from Cambodia.
